

All Play Equipment Australia

Seaford, VIC
Australia

All Play Equipment Australia design and manufacture heavy duty playground equipment and outdoor activities for Australian children. Examples include bridges, climbers and fitness structures. These whimsical playhouses will capture children's imaginations and inspire creativity.

Constructed from Cypress Pine and Enviro Pine, the play equipment has been coated with Quantum's TIMBRE PLUS VERTICALS as it is non-toxic and has outstanding UV resistance and surface toughness, making it an ideal choice to stand up to the wear and tear of children's play.

TIMBRE PLUS VERTICALS is made from plant base/bio-based resins making it environmentally sustainable and an easy choice when choosing an environmentally responsible coating. TIMBRE PLUS VERTICALS can be tinted to one of Quantum's 32 transparent stain colours to create vibrant play equipment that children will want to keep coming back to.
